Souls in jars of pickled gherkins, a beastly bat and a door into the next world in the living room – there's nothing in Scary Harry's cosmos that isn't there. Sonja Kaiblinger sends Otto and his bony pal into a new adventure, which contains a few surprises.

What happens in Vol. 3:
Ever since a fortune teller called Madame Olga moved into the house across the street, strange things have been taking place! Harold the Grim Reaper finds out that Madame Olga has been taken over by a poltergeist! This is a very dangerous sort of ghost and normal Grim Reapers are quite helpless against them. To catch a poltergeist, they need to call in a special unit of the SBI: the masters of all ghosts. Yet strangely, they don't seem to want to do anything...
