children to get creative as they make their first forays into the world of arts and crafts.

How to use the craft books:
First, tear off the perforated fold-out page and colour in the pictures that match the double-page scene. Difficult bits are already coloured in to make things easier. Then cut out the pictures along the extra-thick outlines using a pair of child-safe scissors and stick them onto the animal or farm scene. Children can check the finished pictures on the answer page if they need help. Colour, cut and stick – that's all there is to it!
