Story

The Vampire Sisters are back!

• The original series and the books of the films have sold over 950,000 copies
• With humorous illustrations in black&pink
• Light-hearted comic style
• Three successful films that did very well at the box office, with 5 million viewers in Germany (90% of fans of the films are girls aged between 7 and 9)

Silvania and Daka are twins. But no ordinary twins! They couldn't be more different: one is a dedicated follower of fashion and hairstyle trends, while the other prefers to play the drums and read comic books. And what's more, both of them are real live half-vampires from Transylvania! That's something else the sisters don't see eye to eye about – Daka wishes she was a full-blood vampire, and Silvania wishes she was a normal person. Naturally, with such different personalities, sparks are bound to fly. But there's one thing they can both agree on: living with human beings is far from easy!
In The Vampire Sisters black & pink we meet Silvania and Daka at the age of eight-and-a-half. The twins go to stay with their Grandma and Grandpa, where they have lots of vampiric adventures! In these books, younger readers can discover the world of the vampire sisters before moving onto the 'big' series when they are ready.

What happens in Vol. 2:
The vampire sisters are unstoppable! Whatever life throws at them – whether it’s a night walk with their human Grandpa, a curious friend from the neighbourhood, or a bat with insomnia – Silvania and her sister Daka take it in their stride! And who better to help a sleep-deprived bat get some shut-eye than two real live half-vampires? A vampirically good plan is needed, and of course the vampire sisters will stop at nothing to come up with one. The vampire sisters are simply unstoppable!
