Story

A humorous comic novel for young adults

- Author with **gaming knowledge**
- Comic-novel for young adults
- Lots of **laugh-out humour**
- Everyday life and video gaming

What happens in Volume 1:

Ben is a gaming pro but in his “real life“, things aren‘t easy. Especially in school, everything is a disaster and he already had to stay down two years. Maybe he’ll have to change schools – not even his favorite teacher Mrs. Gneis could protect him from that. She is a former soldier and the only teacher at school who has his class under control.
One day, however, the magician Tanglebeard, the mentor from his favorite video game, gives him the advice to use his gaming skills in reality, too, and hat’s when things start to change in Ben’s life.
