Learning to read in three steps
Helping children become reading pros, step by step
Stories at different reading levels help children become true reading pros, step by step. Learning to read starts with the basics: vignette texts to follow along with, short texts to read together with an adult, and first independent reading using the syllable method.

Fantastic stories on popular themes accompany children on their reading journey, and the books ‘grow’ as their reading ability does – fostering a lasting enjoyment of reading and a real sense of achievement!
