• More than 250,000 copies of the series sold!

New and revised edition!

The Universal Declaration of Human Rights was formulated almost 70 years ago, but not many people know exactly what rights it covers and who is responsible for adhering to it. Neither is it common knowledge that there are several countries in the world where human rights cannot be taken for granted, or that human rights are considered the basis for democracy. This title explains the concept of human rights and democracy clearly and vividly, and the reader is encouraged to stand up for human rights even on a small scale.

- Longlisted for the best Science Books 2009 by Austrian Book Trade and the Ministry of Science(category Junior Sciencebooks)

The “A Guide To…” series aims at informing children and young adults aged 12+ about selected general knowledge themes, giving them all the key facts about a given topic. It’s an ideal icebreaker resource for teachers. For all other readers, it serves as both a reference book and a book to read for pleasure.

Christine Schulz-Reiss

Christine Schulz-Reiss was born in 1956. She studied German literature, history, politics and communication sciences. She started working for several large German daily newspapers and first became a political news reporter, then deputy manager of the reports section of an important Munich-based newspaper. Since 1991 she has worked as a free-lance journalist, writing for various magazines, with a particular focus on adolescents - sometimes inspired by her own daughter. In 2004 she published her first book, "Guide to Politics" and was nominated for the Gustav-Heinemann-Peace-Award for it. In the meantime she has written several successful titles for Loewe, covering amongst others abstract issues such as ethics and philosophy in an entertaining and illustrative manner.
In all her books, she processes knowledge in a captivating and informative way, and succeeds in linking this knowledge with the immediate surrounding of her readers - she demonstrates how politics, ethics, or philosophy touch the lives of adolescents. In lectures held for students, teachers and parents she indicates how knowledge can be conveyed in a manner appropriate for adolescents.
Christine Schulz-Reiss and her family live near Munich.
