Story

What Animals Want to Tell Us!

- 2nd book by **behavioral scientist** and **best-selling author Karsten Brensing**
- **Short chapters** with many **pictures**, **info boxes** and **funny illustrations**
- **Scientific facts** easy to understand
- Translated into **7 languages**

Talking with animals, living and researching in the wild – sounds like a dream job for everyone who loves animals! But how do animals communicate? Can animals understand us and can we understand them? Once again, Karsten Brensing amazes his small and grown-up readers with extraordinary stories about the animal kingdom. Who would have thought that animals have a language just like humans?
