Story

A new adventure for princess Rosalea: this time, she has to rescue the Fairy Queen from an evil troll – risking her own life!

Concept: • one story sub-divided in several chapters, read by a child and a grown-up together • the texts work like a role-play: the children read the part of the protagonist, while the grown-up reads the other characters as well as the voice-over • the texts differ in font, layout and extent, adapted to the children's needs • generous and colourful illustrations are immersed in the text: larger ones in the part of the grown-ups, and vignettes and smaller illustrations in the part of the grown-ups which help the children to follow the grown-ups' text
