Story

Paris, 1911: for the second time around, Marie Curie's laboratory is demolished by strangers and results of her experiments stolen. Someone tries to keep her from being accepted at the Academy of Sciences. Irène, Marie's daughter and her friend Frédéric think it's time to act: with the help of a newspaper reporter they reveal an entire network of lies and conspiracies...

Bellinda

Bellinda was born in 1969 in Austria. Already as a child she loved paper and started writing on it as soon as she knew how to. By now she has become a successful writer of children's books, historical fiction and crime stories.
