Story

Florence in the year 1617: Everybody at the villa of Galileo Galilei is in uproar, valuable files of the scientist have vanished. After they discover poisoned wine at the house, Vincencio, Galilei's son, and his friend Matteo are certain that someone is trying to harm Galileo. They have their suspicions about Salvatore, a pupil of Galileo, but what role does Pater Falcone take? His dislike of Galileo's heretical proposals is a well-known fact to the boys...*As with all "Science Mysteries" titles, the reader is invited to help with the crime investigation by solving questions at the end of each chapter.*

Bellinda

Bellinda was born in 1969 in Austria. Already as a child she loved paper and started writing on it as soon as she knew how to. By now she has become a successful writer of children's books, historical fiction and crime stories.
