Lucifer Junior is the Devil's son. He lives in Hell, and will one day take over the "family business". But his father still thinks Junior is far too nice for the job, and sends him off to spend some time in the land of the living at the boarding school St. Fidibus on Earth – after all, where better to learn how to be nasty than among human beings?

What happens in Volume 12:

Who would have thought? Lucifer's teacher is perfectly prepared for the zombie apocalypse. And that's good, because the Principal has turned into a zombie during the holidays. Lucifer junior immediately calls his dad and Steven to help. They've also already noticed that they have a "supply chain problem" in hell. Old Mortimer, who is actually responsible for the proper delivery of souls, is to blame for the mess. His new apprentice, the angel of death Paulchen, is enormously short-sighted and has simply confused the schools's director. And because it wasn't his turn to die, he now wanders through

school as undead. But nobody would have guessed that this kind of zombie does not reproduce through bites, but through kisses! Soon Lucifer and his friends are surrounded by kissing zombie teachers, and now they have to get them to become proper teachers again.
