A visit at grandma's in the countryside is the best! For a day, Jule and Franz can explore the garden, seesaw, pick herbs for lunch or look for fish in the pond. But most of all, they like to play with the bunny that lives in grandma's garden shed. If only it wouldn't scamper away so fast all the time!

In the different scenes, children can discover many funny details while at the same time get to know plants and animals in the garden. Can they discover the bunny that has hidden on every double page?
