Get rid of the dummy!

Peter has ten dummies and he surely needs all of them. But then the elephant in the zoo snatches away one, the naughty piglet licks another one and then Peter exchanges a dummy for a toy car. On every double page Peter has one dummy less and in the end there is just one left which he gives to his little sister, because dummies are just for babies and Peter doesn't need them anymore!

Franziska Gehm

Franziska Gehm was born in 1974. She studied English, psychology and intercultural economy communication in Germany, England and Ireland. After finishing her studies she worked at a grammar school in Denmark, for a German radio station and in a publishing house. Today she works and lives as an author and translator in Munich with her family. Many of her books have been translated into various languages.
