detail.variantLabels.

The album for the entire family.

An album for their memories, inside which everyone in the family can leave a record of themselves. This is where every family member can insert their profile, set up their own pages and answer lots of exciting questions about their own lives. This will result in a unique family record that will bring the generations together and create an enduringly lovely memento.

- An album for use by everyone in the family
- Featuring many pages that everyone can contribute to
