**They hate each other. Until they have to work together.**

*For graphic designer Franka, three things count: freedom, art and friendship. And her blog, where she shows almost everything about herself, to draw attention to controversial topics. The only thing she hides from the world is the fact that she has alopecia. For the budding creative director Felix, only one thing is important: his work. And the two seem to have little else in common. Until they are forced to work together on a business trip - and take it a little too seriously. Between heated exchanges, award campaigns and secret office dates, not only do their feelings for each other come to the surface, but also the secrets they have been hiding under their rough facade for years.*

Hot workplace romance with a deep background: in the continuation of her New Adult series set in the German advertising scene Kyra Groh combines creativity with serious themes, deep friendships and an unforgettable Enemies to Lovers Romance.

- From **Enemies to Lovers**: the spicy kind of workplace romance
- **Touching stories** straight from the readers' lives
- Love, humour and the big and small problems of life
- **Young German author** with a large social media community

# Kyra Groh

Kyra Groh was born in Seligenstadt am Main in 1990, but has lived in her adopted home of Frankfurt for over ten years now. She writes stories straight from life – always with humor, depth and authentic characters. When she is not working on her next book, she spends time with her boyfriend and their young son, drinking cappuccino, hanging out at concerts or listening to music and audiobooks. The Sweet Lemon Agency is not her first foray into the world of advertising – Kyra herself worked as a copywriter for many years.
