### Children's thriller with coastal feeling - Investigate together with the Coast Crew

*On the rugged North Sea coast, just behind the dike, lies the sleepy little village of Breeksiel. Apart from a few tourists and seagulls, hardly anyone strays there. But appearances are deceptive: the sea washes great secrets, old legends and real crooks into the small coastal town. Solve exciting cases together with Jan, Rocco and Nele and help the three hobby detectives in their investigations!*

Watching the sunset from the harbor or strolling along the dike and searching the beach for treasures from the sea - Jan and Rocco can't imagine anything better. Together with Rocco's grandpa Hannes, they regularly bring their finds to the Klabbauterbude, their secret hiding place in grandpa Hannes' workshop.

When the two friends, together with Nele, one day come across a mysterious box in the slack water, a completely different wind suddenly blows in Breeksiel! Three dangerous crooks appear in the small coastal village, who want to get their hands on the box and seem to stop at nothing. Ose, Bernhard and Tolek carry weapons and are anything but harmless. What is the story behind this mysterious find?

The three amateur detectives learn about the legend of the whalers: In former times the captured gold was stowed away in such boxes on the whalers' ships. The nasty guys know this too - a race across Breeksiel and against time takes place, in which the children are even held. But Jan, Rocco and Nele are able to arrest the crooks and solve the riddle of the gold in the box. This must be celebrated with a homemade dyke pizza before the next case awaits the coastal crew!
