The Dragons are in Danger – a New Adventure Begins!

Hidden in the Old Harbor, behind piles of scrap metal, lies a magical place: the Dragon School Stormfog. Here, children and their dragons learn dragon riding, fire breathing, and combat. Thrilling adventures await them! Boom! An explosion jolts the students at Dragon School Stormfog out of their sleepy math lesson! What was that? No need to panic—the school is being connected to the iDUB, the international dragon subway! That's great news, especially with the big Dragon Tournament just around the corner. All the dragon schools will compete, so it's time to train hard. But suddenly, the fire dragon Flotsch goes missing! Could something lurking in the subway tunnels be targeting the dragons? And how is this connected to the rubies stolen from a jewelry store?
