Comics for Learning to Read? Oh Yes!

The first day of school after the holidays - how exciting! There's a new teacher, Mr. Himbär. What's he like? Apparently, a bit eccentric, as he rolls a strange device into the room. It's the class's new timetable: full of blinking buttons and odd switches, it beeps, buzzes, and hums. When Mr. Himbär steps out of the room, Tobi can't resist and presses one of the buttons.

A wild adventure begins! The class first lands in a fairytale forest, then travels to outer space. Next stop: the Stone Age. But how will they ever get back to their classroom?

Reading Lions Comics for first graders combine the trusted quality of Reading Lions with the playful format of comics, making them perfect for beginner readers. The texts are clearly structured through speech bubbles and divided into meaningful chunks, just like in Reading Lions books. Large, colorful illustrations help readers follow the storyline. The big, easy-to-read font, specially designed for beginners, has already proven its worth in Reading Lions books. The question pages at the end of the book allow readers to check their comprehension. With exciting themes and great characters, learning to read has never been cooler!
