### The Secret of Fire...

The adventure surrounding Flora's mysterious legacy continues: Tierra, Sol, Avia, and Zacharias are slowly growing into their roles as guardians of magical plants. Then they receive a dangerous delivery from the forbidden Nightshade Network: the rare seeds of the legendary Firevine. According to Flora's ancient book, this "un-plant" is dangerous – and believed to be extinct. Now it's up to the twin siblings to uncover the truth behind the Firevine. The mind-reading creature Nox may know more than he lets on – but he has suddenly disappeared. Then a threat emerges that overshadows everything: the ruthless company Novocreos has somehow gotten hold of a magical plant. And their experiments could endanger far more than just the children's secret...
