"Search and find": Come along on an exciting journey across the different habitats on our planet and discover the animal world!

From the forests of Europe to the tropical jungle, through the African savannah and the icy landscape of the Arctic, over the high mountains of the Andes, to Australia and deep into the ocean. On each double page a habitat is presented, and everywhere there are very different animals that you can get to know.

A colorful hidden object book that vividly depicts the diversity of our animal world, that invites children aged 2 and up to search and discover in detailed scenes.
