- New motifs with intricate pattern
- 40 different designs in each book
- Featuring glow-in-the-dark stickers!
- Tear-out pages

Magical glowing mandalas

Mandalas combine concentration and relaxation in a unique way. They help children to process the impressions of the day and to find their inner balance.

The black inner pages mean that once the playful, detailed designs – based on the popular themes of animals, mythical creatures, ghosts and the underwater world – have been coloured in, they glow!
