How? Why? When? Children have lots of questions, about the structure and order of our planet, the way a vehicle works and how pirates really lived. The numerous pictures and easy texts in the "Ask Me Something" - series tell curious children everything about the subjects that really interest them: The earth and the universe, the world of technology, the world of animals and pirates, knights and our history. Large and detailed illustrations provide the reader with additional information.

Lydia Hauenschild

Lydia Hauenschild was born on a farm in 1957 in Bavaria. Life on her parent's farm influenced her childhood immensely. She studied agriculture and turned to writing only when she discovered that there were no guide books on parenting twins after her children were born. The quick success motivated her and she has written a number of children's books since then.
