What is that? Fauxpas can talk, can't he? Cornibus is completely taken aback. Up until now, the little no-horn has only ever made mee-ow. And now Fauxpas is telling Cornibus his sad story. Because Fauxpas comes from the Glittering Forest, where everything is perfect, every daisy has exactly fifteen leaves, every ladybird exactly seven points and every two-horned unicorn has two horns. And where he was mercilessly bullied and teased as the only unicorn among all the two-horns. This place is terrible, says Fauxpas – much more terrible than hell, where he is regularly stroked, fed and generally loved by Lucifer senior.

With Jochen Till and Raimund Frey, the glittering world of unicorns becomes a real hell – A story about exclusion can also be told in such an entertaining way!
