Let's get creative!

- Original colouring and crafting concept by crafting expert **Norbert Pautner**
- With **simple instructions** and answer page
- Colourful illustrations and **extra thick outlines**

This series is perfect for tiny hands! It gives simple instructions and encourages even very young children to get creative as they make their first forays into the world of arts and crafts.

How to use the crafting books:

First, tear off the perforated fold-out page and colour in the pictures that match the double-page scene. Difficult bits are already coloured in to make things easier.

Then cut out the pictures along the extra-thick outlines and stick them onto the scene. Children can check the finished pictures on the answer page if they need help.

Colour, cut and stick – that's all there is to it!
