Days of Chaos in Sankt Fidibus.

Because he is far too sweet to be a devil, Lucifer junior is sent to earth by his father. Will he learn how to be really bad during his time here with us?

Director Hasenfuß has burned out and has to take some time off. His substitute, Mr Seitling-Hirt, has some great ideas for the lessons. The timetable is abolished. The teachers are now called Creative Promoters and the pupils are supposed to dance their character. From now on, the school canteen will only serve the new SuperFood from the company Dépen Danse. It looks pretty gooey, but it tastes great. Unfortunately, you get very hungry again very quickly after eating it and need more and more SuperFood. Much more!

- With lots of funny black and white illustrations
- Cool, hilarious and just hellishly good
- Reading fun for girls and boys
