Maybe now, maybe never, maybe someday ...

Gabriella, Joana and Karla share a flat. To finance their studies, they all work at a catering company. And, the three not only realize their professional dreams, but also find the love of their lives.

Motor oil and screeching tires - for Karla, there's nothing better! She used to be passionate about kart racing until her parents could no longer afford the expensive hobby. But an unexpected offer throws her back into the world of motorsports: She is supposed to play the girlfriend of the up-and-coming Formula 2 star Henning Kiefer. In one swoop, Karla would be rid of all her money problems - and player Henning would finally be rid of his bad-boy image with a steady girlfriend at his side. But what happens when a fake relationship suddenly turns serious?

- Original plots in heartfelt narrations, leaving out familiar clichés
- Girl power: 3 self-confident protagonists and their strong friendship
- Stories about first steps towards independence: Career choices, fear of the future, parental pressure, exploring roots to find your place
