NEW STORIES ABOUT THE MOST UNUSUAL AUNT IN THE WORLD

Lisbeth is the world's smallest aunt; though she is only four, she's still very sure about what she wants: No bad bedtime story but a good one that starts with love. That's why all other stories in this book about Lola's auntie are all about love, too: How Lisbeth became a little uncle, a young bride and a proud mother of twins. But what happens when someone gets into an argument with the groom?

The famous Aunt Lisbeth in the successful Lola stories is back! Lola tells five humorous and warm-hearted stories about her little aunt. Fun to read aloud to the whole family!
