Crafting Fun Guaranteed!

Crafting has never been easier! Start by detaching the perforated fold-out page, then color in the design. Next, crafters can cut out the designs along the outline and stick them into the dinosaur world. The completed images on the solution page can serve as a helpful guide.

The cut-out elements are smaller than in the basic series for the age 3+ and have thinner outlines. This increases the level of difficulty, allowing craft fans aged 5 and up to master new challenges.

1. Color in all the pictures.
2. Cut out the figures along the lines.
3. Stick it onto the background image.

- Enhancement of the proven "Let's Do Arts & Crafts!" concept
- Includes instructions and solution page
- 8 designs per volume
