It is summer and Peppi and her friends discover the fun of long summer nights on a festival ground - the reader decides where the night will take Peppi and her friends. Each chapter offers a number of possible ways to continue the story: should Peppi chose to talk a walk with her favorite band member Jason, even though she knows that her sister is in love with him, or should she decide to go out with super brain Pascal? Franziska Gehm's easy-going style incites the reader to take part in her interactive story. Making out with Fabian? Dancing with Jaro? Or rather going swimming with Jasper? Everything is possible in our series for girls aged 13+. When Franziska Gehm writes with lots of humour about the chaotic love lives of her female protagonists, nobody knows yet how the story is going to end. Only the reader herself will determine who is going to experience what with whom! In every book a different girl is the protagonist. In her casual, funny tone Franziska Gehm has developed likeable protagonists the readers can easily identify with. Moreover, she writes in the target group's language
