Mattis has fallen in love for the first time. Day and night he dreams only of Mieke. And when Mieke touches him by accident, he trembles. He wants nothing more than to hold her. And when Mattis one evening secretly reads an entry in Mieke's diary, he knows that Mieke is also in love with him. But this love can never be: Mieke and Mattis are twins. "The realism of the description is impressive". Süddeutsche Zeitung
