Tafiti and Red are amazed when a golden envelope from Great, great, great, great, great-grandpapa arrives in a very special delivery. And with it, a real treasure map! They set out to seek the treasure, and look forward to finding it. But it turns out to be a bit tricky, because new and old dangers crop up and, unfortunately, the map is rather out of date. One might even call it a great, great, great, great, great-grandpapa of a map.

But the two friends are not discouraged, and they end by finding a treasure that is much larger and better than they ever imagined!
