Learning with the Little Learning Dwarfs

The Little Learning Dwarfs Series consists of **continuing popular titles** on different aspects of **early childhood learning**. **Playfully** and **creatively**, these titles encourage children to sharpen their **concentration skills** and **learning abilities**. The format ranges from exercise books to drawing pads and card games. The two little dwarves Zwick and Zwack lead children through the books and help them learn numbers and amounts, logical thinking, and practice spatial awareness.
