Die Amazonas-Detektive, Volume 2

Illustrator: Kurzi Shortriver

ab 9 years

272 Pages, 153 x 215 cm

ISBN: 978-3-7432-0855-1

Hardcover

Courageous children can change the world! A new case for the Amazon detectives

An exciting and multi-layered detective series for children aged 9 and up, with the unusual setting of Brazil and the strong themes of school, detectives, and criminal cases. In this series, the different realities of life for German and Brazilian children become apparent.

What happens in Vol. 2:

A stuffed giant sloth has been stolen from the local natural history museum and the museum director hasn't been seen for a while either. Something's fishy, that's for sure! Apparently he was planning to travel to a nature reserve. But why did he leave secretly? Does he think he'll find a living sloth there? Or has he been kidnapped? And what is it about the confiscated hunting trophies that the amazon detectives hear about in town through the beggar's rumor mill?

- Adventurous **detective series** in an exotic setting
- **Up-to-date topics:** Ecocide, Climate Protection and Social Values
- **Excitingly told** by **bestselling storyteller Antonia Michaelis** who has lived in Brazil!
- Balanced text-image ratio
