Let's dive in!

Yikes! No sooner has the little Unicornfish Flip hatched than he has to face the biggest challenges of all: Swimming synchronised with his siblings in a shoal (er, which way is it going?) and hiding from greedy predators (phew, that was close!). It's not easy being the smallest fish among all the big brothers and sisters. So, it's no wonder that Flip is the one who has to inspect the strangely bubbling water surface that suddenly appears - surely, he's not afraid? But as soon as Flip reaches the foaming waves, he is swept away by a gigantic water tornado. And lands in a completely alien reef! Will Flip manage to find his way back to his shoal?

Loewe Wow! dives into the underwater world - volume 1 of the new series with Flip, the Unicornfish: splendidly dazzling coral reefs, adventurous shipwreck worlds and a **heart-warming story of friendship** with very different characters to identify with. Splendid **illustrations by Dominik Rupp** make this a fun read to dive in and out of!
