Arno Strobel (Loewe)

author

Arno Strobel was born in Saarlouis in 1962, and studied IT before working for a large German bank in Luxemburg. When he was nearly forty, he started writing short stories which he published on internet forums, before tackling his first novel. It took nearly three years, a research trip to Rome and many ups and downs, before he managed to complete it. Then, after failing to find a publisher, he and two friends set up their own publishing house and printed the book themselves.

A few weeks after its appearance, the TV rights were secured by German TV. Since 2010, Arno Strobel has been writing for Fischer Verlag and gaining considerable success with his psychological thrillers for adults, which feature regularly in the bestseller lists and have already been sold under licence to many countries.
