Sylvania and Daka are twins. But no ordinary twins! They couldn't be more different: one is a dedicated follower of fashion and hairstyle trends, while the other prefers to play the drums and read comic books. And what's more, both of them are real live half-vampires from Transylvania! That's something else the sisters don't see eye to eye about – Daka wishes she was a full-blood vampire, and Sylvania wishes she was a normal person. Naturally, with such different personalities, sparks are bound to fly. But there's one thing they can both agree on: living with human beings is far from easy!

In The Vampire Sisters black & pink we meet Sylvania and Daka at the age of eight-and-a-half. The twins go to stay with their Grandma and Grandpa, where they have lots of vampiric adventures! In these books, younger readers can discover the world of the vampire sisters before moving onto the 'big' series when they are ready.

What happens in Vol. 1:

Sleeping at night? Going out in the sunshine? Eating peanuts instead of beetles? What a strange way to carry on, think sisters Sylvania and Daka the first time they visit the human world. The two half-vampires from Transylvania make many a faux pas, but just about manage to keep their vampire secret to themselves. When next door's cat suddenly sprouts unusually long fangs, however, and their neighbour Greta starts getting suspicious, they have to come up with a new plan!
