Story

A brand-new insane Loewe Wow! Viking series

They call themselves "The Fearless" and they want to rob, plunder and pillage for all they're worth. The only problem is that the sight of a little girl makes them wet their pants. Freya has had enough of plundering Vikings and gives Heinar's people a good scare.

- A little girl shows the despondent Vikings what a real guy is
- Funny sidekicks: The Odin family is watching from heaven
- Innovative 90:10 text-image ratio, illustrated in b/w
- For fans of 'Vicky the Viking' and 'Asterix & Obelix'.
- Volumes 2 and 3 coming in 2022 and 2023

Viking chief Heinar Hookepee leads a small troop of daring men into a new adventure. While it is being widely discussed who exactly should lead the attack, a little girl stands up to them - our heroine Freya. She's fed up with Vikings attacking her village all the time and angrily scolds Hookepee and his men - who are nowhere near as fearless and brave as they always pretend to be.

Something has to change: The men have to learn to become real Vikings. And who better to teach them than the fearless Freya? So Freya lands on the Viking ship and, with a lot of wit and clever methods, tries to

teach our sissy Vikings everything they are missing.
