Story

Silvi has butterflies in her stomach when she sees Sascha for the first time. How stupid that she knows nothing else about him, beside his name. But then she discovers his profile online, and realizes that he is, like her, a huge fan of art. Suddenly Silvi is only one click away from true love...

Handsome boys, first love, plotting with the best friend and lots of embarrassing situations at school, parties or during the vacations. This new series offers everything girls aged 11+ want to read and dream about. The young author Judith Allert starts this series with two volumes and guarantees a lot of fun with her witty dialogues and sympathetic protagonists – brilliant entertainment for girls!
