Story

QUENTIN JELLYFISH RESCUES CLOWNFISH CLEO

Circus Coralblue is back in town! Quentin Jellyfish and the other little sea creatures can hardly wait for the first performance. But it starts to look as though the show may have to be cancelled when Clownfish Cleo disappears. The ringmaster Waldemar Whale will have no choice but to call off the show if Cleo isn't back in time. Quentin sets off in search of the clownfish and eventually finds him in the clutches of the bad-tempered catfish. They have taken Cleo prisoner and ordered him to make them laugh. Quentin gives the catfish a talking to, and they feel so ashamed of themselves that they set Cleo free. And because laughing with others is much nicer than laughing by yourself, everybody goes to the circus tent to watch the show together.

- Over 25,000 copies of the first two books sold
- Quentin's third adventure shows how nice it is to laugh together and look out for each other
