Story

Siri Glitzerstar is a very ordinary sort of girl – until one day a talking hamster knocks at her window. To be precise, it is Backe, the witch hamster, who straightaway takes care of Siri's education as a Glitter witch. Before Siri knows what is happening, she is wearing a magical armband and up to her ears in a wonderful glittery adventure.

It's only been a few days since Siri moved to this new town, and all she wants now is a best friend. She meets Tinka during her first witchy activity, but Tinka just laughs at her and won't believe that she is a real witch. Then, suddenly, Tinka is in danger and Siri must do some magic to save her.
