Story

He wants to escape his inheritance. She wants to find hers.

Horse racing at Ascot, studying at Cambridge, Formula 1 in Monaco: Aleksander Skogen leads a life of luxury. Until he has to go into hiding for a while after the release of a scandalous video. He is therefore forced to take part in a trekking tour through the wilderness of Norway. It is led by Norah, whose life is pretty much the complete opposite of Sanders. What happens when the two collide? Can they withstand the force of the impact or will their worlds, so different from each other, be shaken to the core?
