Story

Three sisters, three challenges, three winners of hearts?

Although they are sisters, Lina, Kaya and Nika couldn't be more different. While Lina enjoys her life to the fullest, Kaya is a full-time perfect student. Nika, on the other hand, always falls for heartbreakers – but together the three of them fight against all odds. In life and in love!

After a nasty breakup, Nika desperately needs a change of scenery, so she visits her best friend Sissy in a small town in Franconian Switzerland. There, she wants to find what she longs for ... whatever that may be. At Nuremberg train station, she meets a young man whose blue eyes match his blond hair exceptionally well - and her suitcase falls down and bursts open in front of said man, exposing the embarrassing gift Nika's sisters gave her. When she arrives in Franconian Switzerland and goes hiking with Sissy, their mountain guide introduces himself as Lukas, the man from the Nuremberg train station. Nika wishes the ground would open up and swallow her, especially when she realizes that he obviously has a crush on his colleague Celine.

Pitying Lukas' miserable attempts at flirting with Celine, Nika writes little flirting tips on his beer coasters and even offers him her help as a relationship coach. After meeting regularly, Lukas eventually tries out one of

her tips on his coach - a kiss that doesn't feel at all like a pure business relationship. Nika can't push away thoughts of Lukas, and she finally knows what she longs for. With Lukas, she wants to love, dream and hope.
