Story

Fantastic water magic, unborring school subjects and boundless cohesion: the pupils experience all this on the *Wellenkron* - the magical school ship.

Marie is terrified of the water because whenever she is near it, unusual things happen. The seething metre-high waves have nothing to do with her, do they? When a mysterious chest with an invitaton suddenly appears on her doorstep, it all makes sense.

Marie has water magic abilites and is supposed to learn how to control her powers on the school ship Wellenkron. Together with Kira, Ilvy, Adrian and Theo, Marie faces the school adventure on the high seas. But between wave lore, coral care and water graphics, a threatening storm soon brews and puts the crew in great danger.
