A placid farmyard? Not at all!

Wool Sheep and the smart chicken Wild Child founded a detective agency. Because there must be some mud between cabbages, cauliflowers and carrots, right? What a higgledy-piggledy!

The friends now have notepads, they read detective stories and already turned the cooling fan on. Wool does a lot of thinking and snoozes, Wild Child trains wing beats. To make a long story short: The Hayloft Gang is well prepared to take over the investigations in their first case! As luck would have it, the pigs saw a stranger sneaking through the farm this morning... long, gray fur – that can only be a wolf! Right away, they make plans to catch the intruder.
