Story

Back in Heliopolis

- The perfect mixture of urban fantasy and romance!
- Addictive love story with dystopian elements!

Back in Heliopolis, Akasha and her friends quickly need to unite both of the magical crystals. That's the only way to give people their magical power back and to heal them from the mysterious illness so many fell victim to already.

But Akasha isn't sure whom to trust: her father, ruler of Heliopolis or her mother, leader of the rebels? Even less does she know whom she really loves: Riaz, whom she's promised to or Dante, whom she can't forget since her journey to Earth. Eventually, she stumbles upon an old fairy tale and discovers that she's a nameless lover herself – but who is the other one?
