For more than 45 years, Leselöwen has been helping first-time readers learn to read. For the Leselöwen learning aids, we have developed with an experienced educator high-quality learning content that paves the way for successful reading and writing. Based on the first and second grade curricula, the modern illustrated booklets provide numerous practice opportunities - from reading and writing first letters to linking simple words with the help of rules and structures of the written language to understanding and creating smaller texts. The increasing level of difficulty and the tricky tasks motivate, while the helpful tips and the colored syllable markings support text comprehension exercises. This guarantees learning success!
