Story

Pah! Boring friendship books cannot impress a vampire at all. That is why Daka and Silvana have this cool album which is ideal for cool blood sisters.

Your best friends can leave bite prints in there, they can write their night-diary, and practice the old custom 'HanChi' which means that when you and your best friend sneeze in the book at the same time you will stay friends forever!

Key Points:

- a new kind of book: Vampire Sisters fans can do funny things with their favourite characters
- books should be treated carefully, but not this one: with creative ideas and thought best friends can do a lot with this book and make it something special
- on every double page they can find another activity: create a bat, put garlic on one page, dance the Saikato dance with your best friend or alone, create your own special toilet seat and much more
- this book follows a trend which is already quite popular for adults
