Story

Juri has a secret: dinosaurs are not extinct. There are three of them living in his mum's old doll's house, and their names are Happi, Igur and Permilla. Juri is the only one who knows they are not just toys but living, breathing dinosaurs. The four friends have lots of exciting adventures together, and with three real-live mini dinos around, fun is never far away!

Happi, Permilla and Igur, the three little dinosaurs, think school sounds like brontosaurusly good fun! They picture it as a magical place full of candy floss, pudding and biscuits, and are determined to see it for themselves! But when they arrive at school, the curious dinosaurs get separated from Juri in all the hustle and bustle. How will they ever find their way back into his school bag? It's no easy task when you're as tiny as these dinos!
