Story

Pepper, Paula and Olli started school a few weeks ago. They are still besotted with their teacher, Mint, and they are working hard to learn how to write. One morning, Pepper is all alone in the classroom and finds an eerie note from the school ghost stuck to the board. Mint must never be allowed to find out about this... Pepper and his friends take up the case of the school ghost.

Simply and lovingly narrated, and with plenty of laughs along the way, this series deals with the adventures of a reception class and the everyday madness of school life.

- As an experienced primary school teacher, the author has first-hand knowledge of her subject
