**First stories about favourite topics in collections – motivating children to read with reading lions**

The Reading Lions concept aims to make reading a fun activity while actively accompanying the process of

learning it. The concept offers books that are adjusted to children's needs and skills in all stages of this process.

Above all didactic criteria, we have an eye on selecting exciting topics. We want our readers to find reading fun! Only then will children read regularly and independently. That's why collections of stories about favourite topics help to promote reading!
